..to whom it may concern

we recently established a subsidiary of our Swiss company in Cambridge with the goal of expanding our global service activities to the UK. With over 23 years of experience in the industry, we have a proven track record in IT consultancy and services, supported by numerous international customers.
Our highly skilled staff, located in Germany, Switzerland, Romania, and now the UK, is proficient in handling medium and large-scale customer projects.

Our key competencies include:

- ICT Management Services
- IT Project Management
- IT Systems engineering
- Cost cutting and strategic Consultancy
- Infrastructure & Networks
- IT Security
- Application and Software Development

These fields of expertise are shortly described in the attached presentation.

Additionally, we provide recruitment agency services for IT professionals, addressing the European-wide staffing shortage by connecting with a pool of skilled individuals with solid expertise. Fortunately, we have access to this network in addition to our own personnel.

If you need staffing, we offer the following options:

- Permanent positions
- Temporary employment
- freelance opportunities

we should be your first choice.

When interested, we would be pleased to provide further details about our services and offer customer references upon request.

Don't hesitate to get in touch with one of us to learn more about our extraordinary services and unleash the power of IT-Service & Consultancy.
